SPOTLIGHT: DIANE KANE

This year, Diane Kane will celebrate 41 years with First Federal Bank of Kansas City. Kane launched her banking career on July 28, 1980, as a bank teller. "What I love the most about my job is the people I work with and our wonderful customers - they are like family to me. Growing up in Wyandotte County, we all have the same strong family values of staying close and caring for our loved ones while doing what we can to help our community," she said.

First Federal is lucky to have Diane Kane's leadership, banking expertise and heart to serve others. Congratulations on reaching this remarkable milestone!
